

# GENERAL INDEX

TO THE

## THIRD VOLUME.

A.	Page.	Page.	
Academy of arts, account of	515	Black Rock, epidemic prevailing at	491
— at West Point	107	Blood-letting in phthisis	385
Acts relative to canal navigation,	117, 123	— in dropsy	387
Aetius, his labours in surgery	321	Board of health of New-York, proceedings of	94, 104
Affusion of cold water, utility of	8	— Philadelphia	103
Agricola, G. on effects of mercurial fumes	430	Books of the ancients, on what written	478
Air pump, newly invented one	219	Botanic garden of New-York	126
Albany, on the fever of	504	Bowditch, Mr. N. on the late comet	213
Amboy, proceedings of the board of health, relative to	94	Bowne, Mr. R. letter on canals	376
— report on the fever of	95	Burckhardt, M. on the late comet	213
— report of the physician at	105		
American antiquarian society	472	C.	
— academy of arts	382	Cadwallader, Dr. T. notice of	326
— academy, members of	615	Canal navigation,	114, 359, 372
— climate, observations on	383	Cantharides, produced in the United States	212
— historians, notice of	229	Catskill mountains, height of	48
— museum	338	Celsus, the Roman Hippocrates	309
— ornithology	127	Chandler, Rev. Dr. notice of	151
— publications,	55	Chemistry of the ancients	472
Ancients, their knowledge of surgery	302	Chiappi, Mr. J. anatomical representations	327
— state of chemistry among	473	Chisholm, Dr. C. mercurial practice of	497
Aneurism of the femoral artery	49, 519	Climate of North Carolina	341
— of the carotid artery	520	Clinton, D. Esq. appointment of	512
Angus, Mr. J. letter from	104	Clossy, Dr. S. professor in Columbia college	300
Animal body, operation of cold upon	271	Cold affusion in tetanus	38
Apoplex, appearances on dissection	527	— effects of, on vegetables	19
Arabians, on the surgery of	324	— its action on the body	271
— their use of mercury	426	College of physicians and surgeons, establishment of	88
Ardent spirits, abuse of	351	— circular address of	241
Aristotle, quotation from	425	— graduates of	92
Arnell, Dr. D. R. on spotted fever, noticed	173	— address of the students of	512
Arsenic, paralysis produced by	389	Columbia college, account of the origin of	147
Arsenical solution, in intermittents	133	— annual commencement of	249
Athens, on the plague of	54	Comet, calculations on	212
		Committee, appointed to investigate the nature of the yellow fever	94
		Connecticut academy, memoirs of	204
Bard, Dr. J. on the epidemic pleurisy, notice of	180	Contagion of the Athenian plague	60
— Dr. S. compendium of midwifery	78	— imported into Amboy	108
Bell, C. engraving of the arteries	521	— how introduced by ships	158
Berkeley, Bishop, his arrival in America	142	— evidences of, in yellow fever	187
Biography of Dr. E. Miller	1	Convulsive diseases, effects of cold affusion	8
— of Rev. Dr. S. Johnson,	137	Cooper, A. Esq. on spina bifida	517
— of Rev. Dr. M. Cooper	298	— Rev. Dr. M. life and character of	299
— of Dr. J. Jones	325		
— of Dr. J. Kemp	391		

## INDEX.

	Page.		Page.
Cooper, T. Esq. introductory lecture of	470	Gracula quiscula, account of	71
— on the chemistry of the ancients	472	Graduates in the university, New-York	92
Correspondents, notice to,	135, 256, 392	Grenada, yellow fever of	183
Coxe, Dr. J.; R. emporium of arts and sciences	355	— contagion there, by the Hankey	189
Croup, fatal case of	252		
— dissertation on	257	H.	
— treatment of	266	Habit, on the influence of	17
Crow black bird, account of	71	Hamilton academy, incorporation of	91
Currie, Dr. J. opinion of cold	281	Heart, organic diseases of	66
		Heat and cold, remarks on	24
D.		Havannah, importation of contagion from	102
Daggett, D. Esq. case at law	219	Hearman, Mr. L. case of hernia	29
Day, Prof. J. on the quantity of rain	219	Hemoptysis, treatment of	386
— on meteoric stones	221	Hernia, case of	23
Deaths, from fever imported into New Jersey	98	Hippocrates, his surgical works	306
— at New-York from 1785 to 1795	211	Hobbes, translation of Thucydides	59
— at Philadelphia, 1808, 1809	128	Homer, his character of physicians	304
— at Portsmouth, 1810	129	Honey, poisonous effects of	390
Diseases of the city of New-York	131, 251	Hosack, Dr. D. cases of aneurism	49, 519
	384, 523	— report on the Amboy fever	95
Dissections in peripneumonia typhodes	449	— yellow fever of Huntington	191
	492, 497, 523	— medical school of	244
— in yellow fever	441	— on the surgery of the ancients	302
Dropsey, treated by blood-bleeding	387	— on surgical writings of Hippo-	
Dwight, Dr. N. on the American cantha-	ris	— crates	306
	212	— on the surgery of Celsus	309
		— surgical writings of Galen	318
		— on vision	393
E.		— how the eye views objects at	
Earth, on the figure of	214	different distances	406
Education of physicians, remarks on	80	— on mercury in yellow fever	445
Egyptians, state of surgery among	303	— on peripneumonia typhodes	448
— chemistry of	475	Hudson river, improved by canals	362
Elgin botanic garden	126	— Dr. D. on the epidemic	495
Epidemic of New-York,	448, 453, 482, 491	Humboldt, baron, on mercurial fumes	432
	495, 497, 504, 524	Huntington, on the epidemic of	180
— of South Carolina	36	Huxham, Dr. J. remark of	177
— of West Chester	152	Hydrocephalus, successful treatment of	526
— of Long Island	165	Hydrophobia, observations on	227
Epilepsy, singular case of	358		
Eruptive diseases, mercury in	429	I.	
Eye, muscles of	404	Indians, abuse of ardent spirits among	352
— how it adapts itself to the view of		Infection, on the generation of	158
objects at different distances	406	Inscription to the memory of Rev. Dr.	
		S. Johnson	159
F.			
Favourite, importation of the yellow fever by the ship	100	J.	
Femoral aneurism	49, 519	Jefferson, T. opinion of New-York	468
Ferrer, Mr. on the comet	213	Jersey ferry steam boat	196
Fever, yellow, <i>see</i> yellow fever		— yellow fever imported into	102
Fothergill, Dr. A. on habit	17	Johnson, Rev. Dr. S. life and character	
— on hibernating animals	20	of	137
— on vital suspension	23	Jones, Dr. J. life and character of	325
Francis, Dr. J. W. medical history of mercury	424		
— on native mercury	430	K.	
— on the abuse of mercury in diseases		Kemp, Dr. J. life and character of	381
— appointment of	434	Kentucky, the purple grackle found there	73
Franklin, Dr. B. extract of a letter of	145	Kingsley, Prof. on meteoric stones	221
— his illness and death	333	Kirwin, R. Esq. death of	391
Fulton, R. Esq. steam ferry boat	196		
		L.	
G.		La Place, Mons. extract from	215
Galen, his merits as a surgeon	318	Lakes of New-York, navigation of	364
Georgia, yellow fever of	417	Lancasterian free school	379
Glags, by whom discovered	475	Legislative proceedings on medical education	
			86
		Lens of the eye, description of	399
		Light, observation on	395

## INDEX.

531

	Page.	Page.	
Liverpool, philosophical society of	511	New-York free school, account of	379
Livingston, R. R. Esq. death of	528	fatal epidemic of	448, 453, 483
Long Island, malignant pleurisy of	165	491, 495, 497, 504, 524	
<b>M.</b>		type foundry	521
Macbride, Dr. J. on the epidemic of		weather and diseases of	130, 249,
South Carolina	36		388, 522
M'Knight, Rev. Dr. J. on yellow fever	293	Niagara, canal from	
M'Reynolds, Dr. J. D. on the epidemic		North, Dr. E. on the spotted fever, no-	
at Black Rock	491	ticized	172
M'Nevin, Dr. W. J. address to	513	North Carolina, history of	335
Madison, J. Esq. letter to	116	climate and diseases of	341
Man, effects of habit on	17	malignant pleurisy of	453
Mann, Dr. J. on the epidemic	497		
Manning, Dr. on the fever of Amboy	98		
Mansfield, Col. J. on the late comet	212		
on the figure of the			
earth	214		
on the duplication of			
the cube	217		
Marshall, Dr. H. letter of	358		
Mason, Rev. J. M. character of Dr.			
Kemp	391	Obituary	136, 391, 523
Mease, Dr. J. account of Dr. Franklin's		Officers of the society of arts	248
death	333	antiquarian society	382
Medical Repository, first establishment		Origin of the Athenian plague	54
of	3	Ornithology of the United States	58
— strictures on	54		
— misrepresentations of	417		
Medical science, present state of	90		
— studies, plan of	244		
Melish, Mr. J. travels in the United		P.	
States	461	Papyrus, account of	478
Mercury, medical history o	424	Partridge, Capt. A. observations	46, 509
— effects when native	427	Paulus Aegineta, his surgical labours	323
— abuse in diseases	434	Peripneumonia of New-York	132, 448, 453
— in yellow fever	440	462, 491, 495, 497, 504, 524	
Meteor at Weston, account of	221	Philadelphia, deaths at, in 1808, 1809	126
Meteoric stones, on the origin of	221	Phlegmasia dolens, treatment of	228
— analysis of	413	Phthisis pulmonalis, blood-letting in	385
Middleton, Dr. P. extract from	85	Picus principialis, account of	74
Midwifery, a treatise on	78	Plague of Athens, remarks on	54
Military academy of New-York	107	Pleurisy, malignant, account of	453
Miller, Dr. E. life and character of	1	Prioleau, Dr. T. G. on cold affusion	8
— Dr. S. his brief retrospect	2		
Mineralogy of New Haven	210		
Mitchill, Dr. S. L. state military acad-			
emy	107	Q.	
Moisture, effects of	260	Quackery, its prevalence in the U. States	81
Mott, Dr. V. on the malignant peripneu-		Quicksilver, abuse of, in yellow fever	440,
my	165		445
on the nature of the epi-			
epidemic	172	R.
